Receipt & Review, Fees & Termination, Other Requirements & Expiry Dates, and Freedom of Information

I acknowledge that receipt of this application by the City of Windsor does not guarantee it to be a complete application and that further review of the application will occur and that I may be contacted to provide additional information and/or resolve any discrepancies or issues with the application as submitted.

I further acknowledge that after the application is deemed complete, fees are not refundable, additional information may be requested, and that after 60 days of inactivity the City of Windsor may terminate the application without notice.

I further acknowledge that other municipal departments and external agencies may have their own requirements, fees and approvals in addition to the requirements, fees and approvals described throughout this application form, in any staff reports, and in any agreements, and that it is my responsibility to read the staff report, draft approval, final approval and agreements and to note any expiry dates in any of these documents.

I further acknowledge that pursuant to the provisions of the Planning Act and the Municipal Freedom of Information and Protection of Privacy Act, this application and all material and information provided with this application are made available to the public.

Species at Risk

Ontario's *Endangered Species Act* protects endangered and threatened species — animals and plants in decline and at risk of disappearing from the province by restricting activities that may affect these plants, animals or their habitats.

I acknowledge that it is my sole responsibility as the Applicant to comply with the provisions of the *Endangered Species Act, 2007, S. O. c.6*. I further acknowledge that any *Planning Act, R.S.O. 1990, c.P.13* approval given by the City of Windsor does not constitute an approval under the *Endangered Species Act*, nor does it absolve me from seeking the necessary authorization, approvals or permits from the MECP prior to conducting any activity that may affect endangered or threatened plant or animal or its habitat.
