

MALL BEAUTIFICATION POLICY

883/92

That the following policy respecting the development of design standards for mall beautification **BE ESTABLISHED:**

- a) current guidelines and standards for the downtown and urban development be adopted as a policy guide for application during the Site Plan Control process and inclusion in the Landscape Manual and the Public Works Development Manual for all future streetscape developments;
- b) consultants retained to design and manage construction of streetscapes be required to adhere to Council's policies regarding accessibility;
- c) existing agreements/by-laws to eliminate clutter caused by illegal temporary signs, sidewalk displays, and the installation and removal of cafe enclosures, be enforced.
