**Subject:** FLUORIDE FREE!!

Hello, my name is Victor Steward, a citizen of Windsor, Ontario. I want the immediate stop of all chemicals put into the cities water supply immediately. It is not the mineral that supposedly helps teeth, in fact it is just a mash of chemicals in their liquid forms being pumped into our water supplies. How can this be justified? This is why I am AGAINST water fluoridation and the use of ANY chemicals in any cities water supplies.

Postal code: N9C 1A7

Stop poisoning WINDSOR!!
