

SANDPOINT BEACH PARK SHORELINE CLASS ENVIRONMENTAL ASSESSMENT

NOTICE OF STUDY COMPLETION

The City of Windsor has now completed a study of the Sandpoint Beach Park shoreline in order to assess possible shoreline modifications that would address public safety concerns, while improving and/or maintaining flood and erosion protection. The study has been completed under Schedule B of the Municipal Class Environmental Assessment which is an approved process under the Environmental Assessment Act.

Subject to comments received as a result of this Notice and receipt of necessary approvals, the City of Windsor may proceed with implementation of the Preferred Solution of the project.

All of the project information is being made available for review online and can be found at the website below or by scanning the QR code here:

The website contains links to view the Project File, which contains all information regarding the project to date. If you do not have access to the internet, please contact Landmark Engineers Inc. at the address below to make arrangements to review a hard copy.

Interested persons may provide written comment to our project team by February 7th, 2024. All comments and concerns should be sent directly to Ms. Liz Michaud, P.Eng. at Landmark Engineers Inc.

In addition, a request may be made to the Ministry of the Environment, Conservation and Parks (Ministry) for an order requiring a higher level of study (i.e. requiring an individual/comprehensive EA approval before being able to proceed), or that conditions be imposed (e.g. require further studies), only on the grounds that the requested order may prevent, mitigate or remedy adverse impacts on constitutionally protected Aboriginal and treaty rights. Requests on other grounds will not be considered. Requests should include the requester's contact information and full name.

Requests should specify what kind of order is being requested (request for conditions or a request for an individual/comprehensive environmental assessment), how an order may prevent, mitigate, or remedy potential adverse impacts on Aboriginal and treaty rights, and any information in support of the statements in the request. This will ensure that the Ministry is able to efficiently begin reviewing the request.

The request should be sent in writing or by email to:
