

# WELCOME TO THE CABANA ROAD ACTIVE TRANSPORTATION FACILITIES PUBLIC INFORMATION CENTRE

- **What is this meeting about?**

- The City of Windsor has reserved funding to construct active transportation facilities on Cabana Road between Northway Avenue and Walker Road, as part of the Windsor Loop concept
- This is not an Environmental Assessment process – the project can be begun and completed upon Council approval

- **Why are we having a public meeting?**

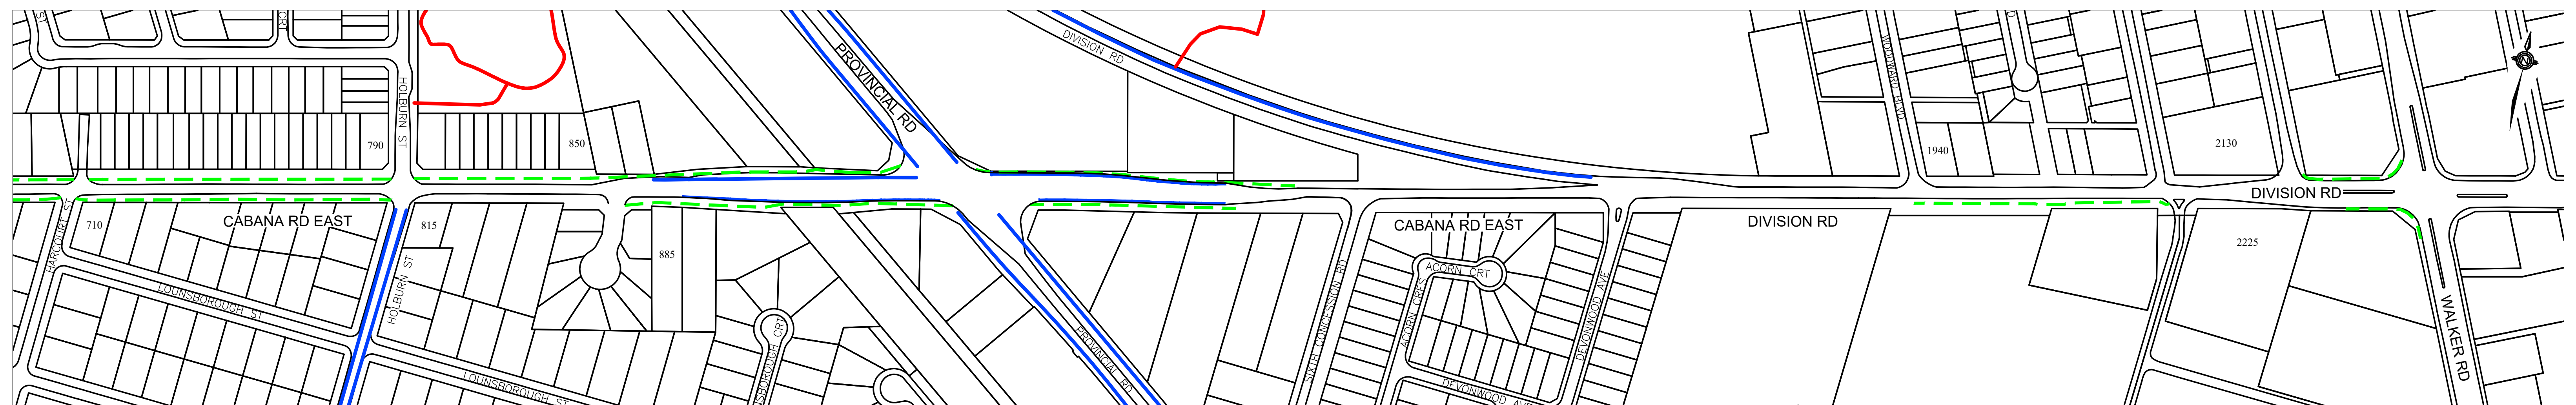

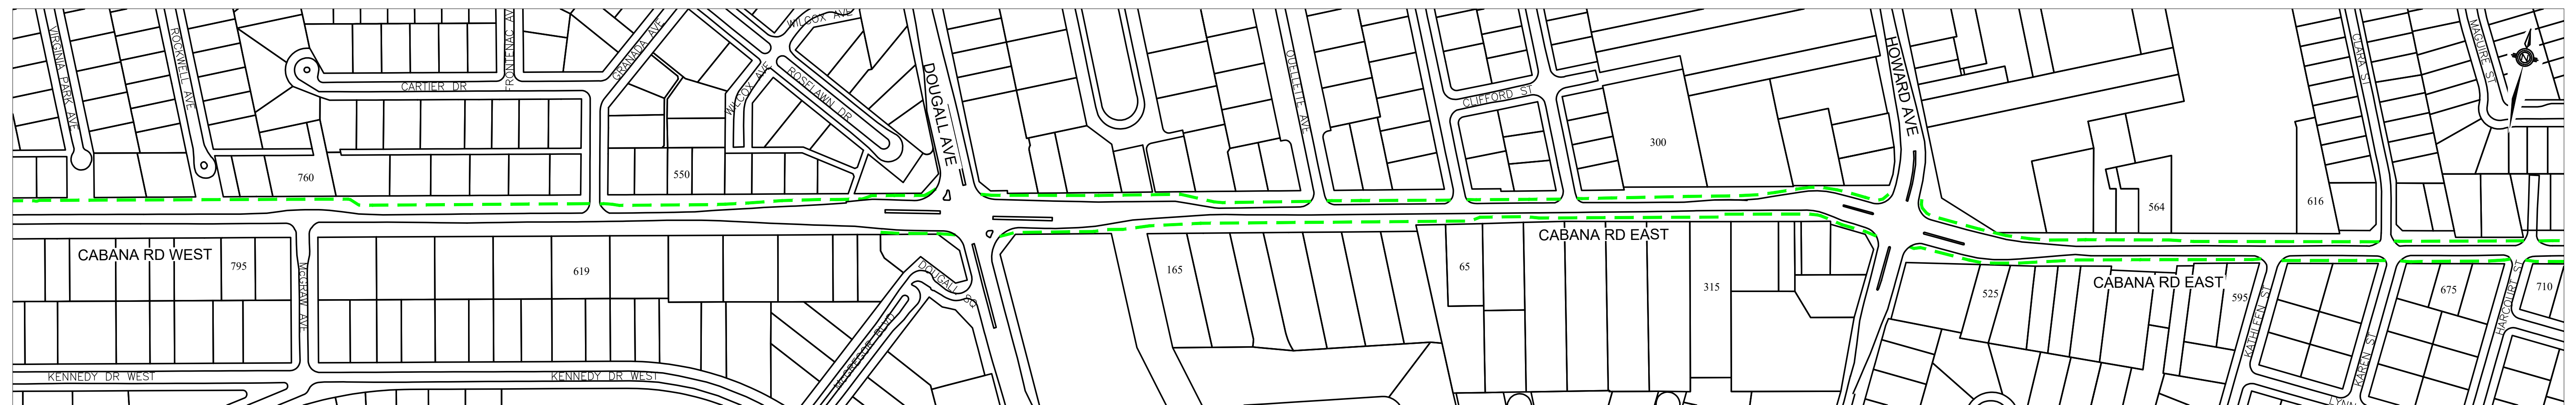

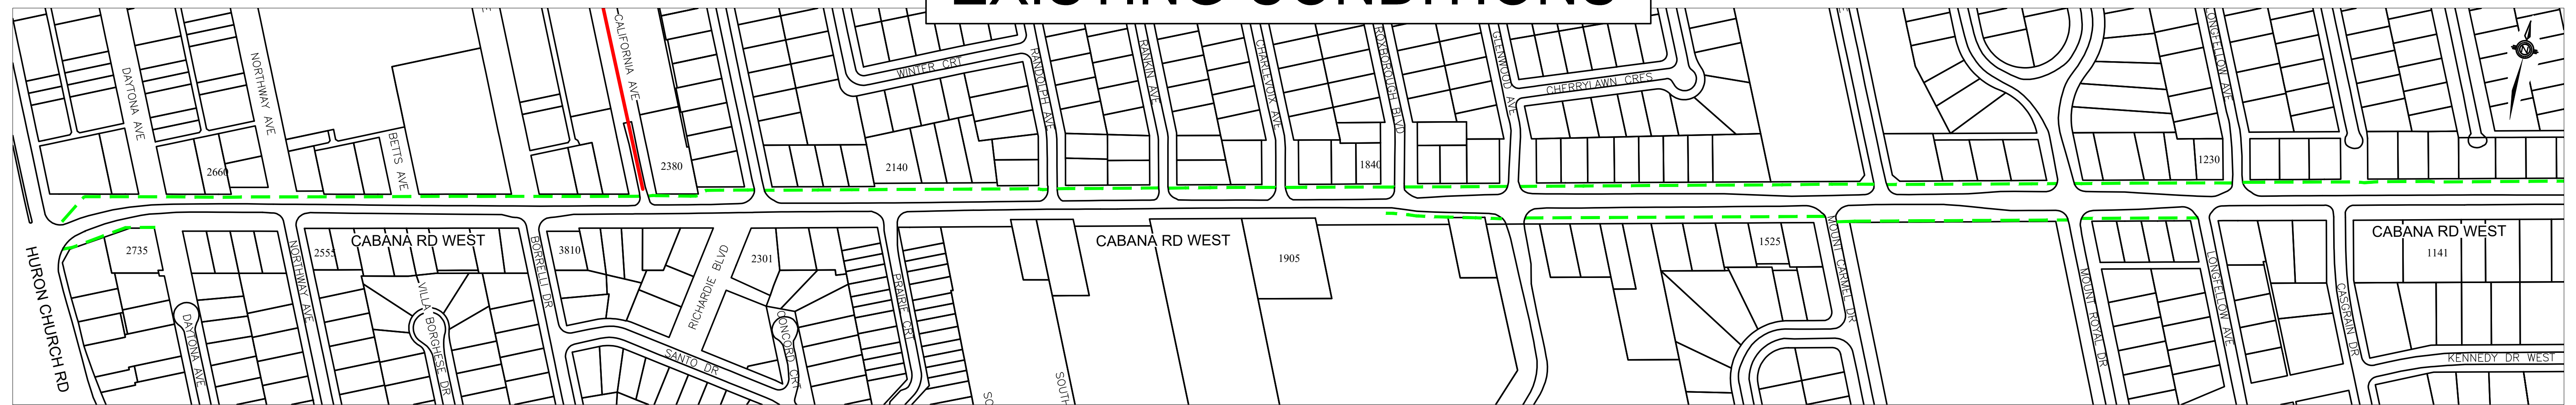

- To illustrate the options and get YOUR opinion

- **What are the options?**

- There are 2 options presented to gather your feedback:
  - **Bike Lanes and Sidewalks**
  - **Multi-Use Trail and Sidewalks**
- Either option can be constructed with proper design

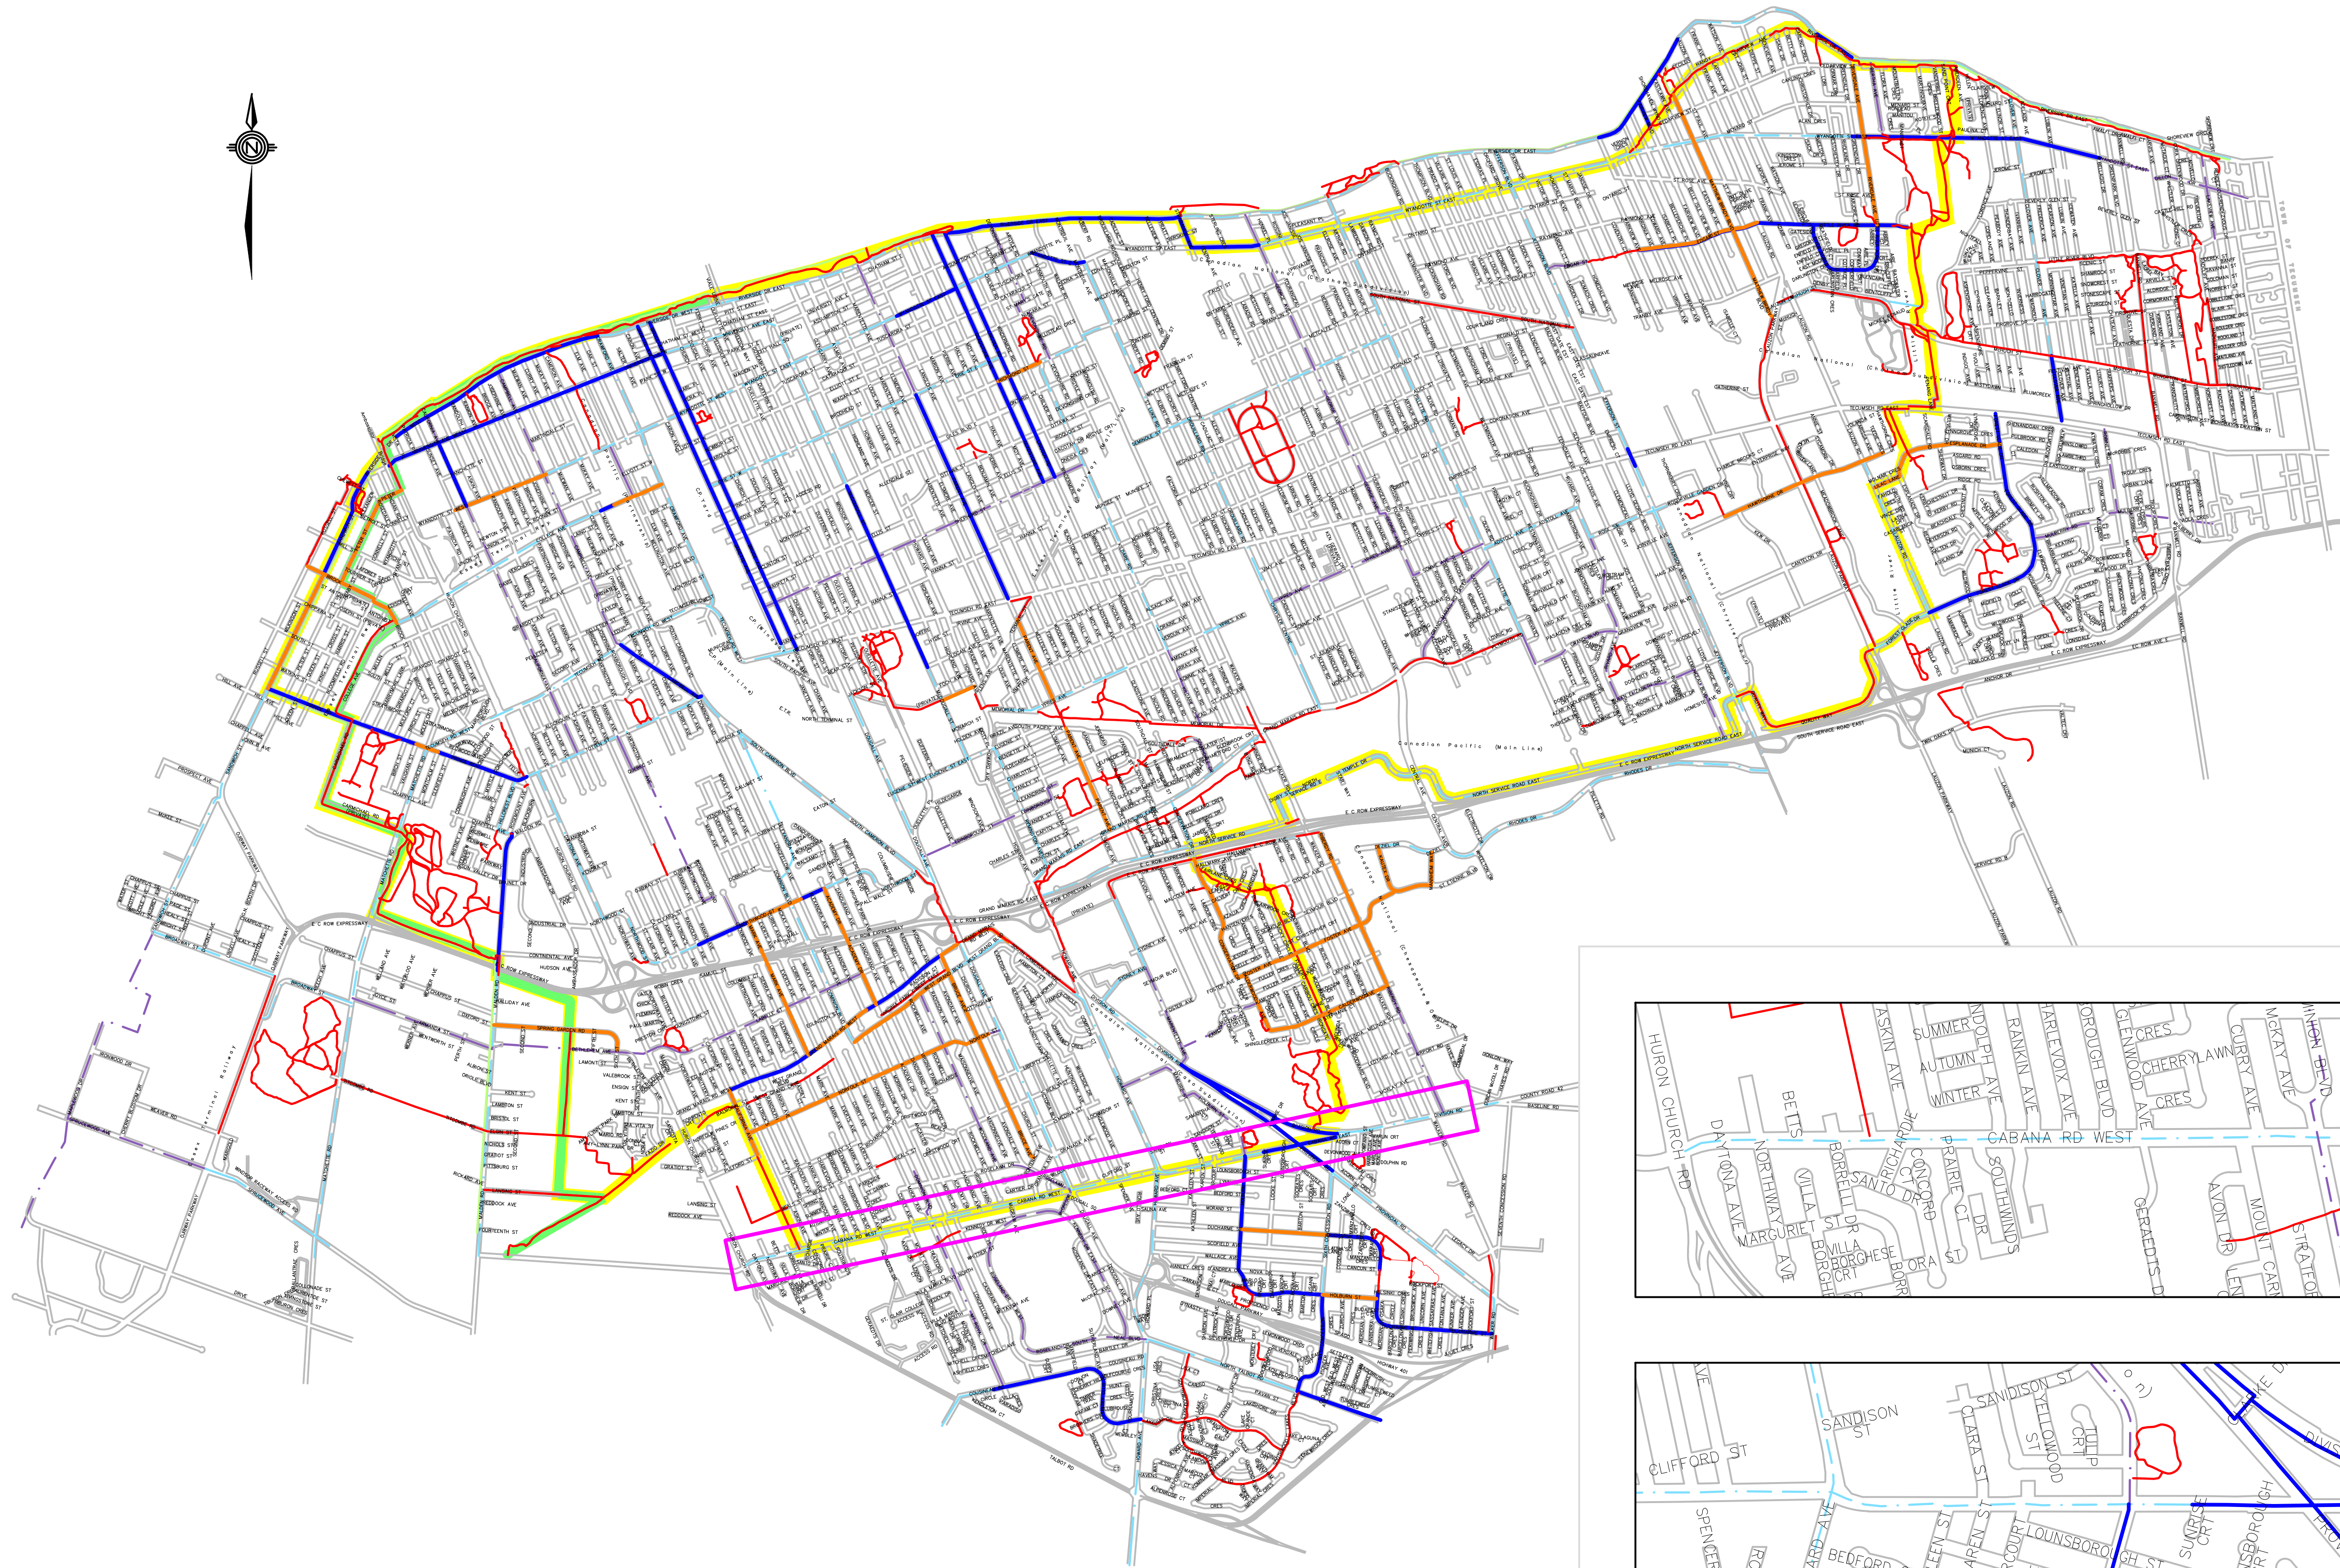

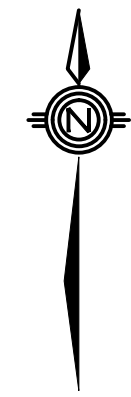

Please look around at all the drawings, ask the City staff any questions you may have and provide your feedback on the Comment Sheets provided
