QUESTIONS/ANSWERS:

Question #1: In Addendum 6, it is noted that the City can hire the surveyor directly and pay them directly if needed. Does that mean the price for the surveyor should still be included in the lump sum, or be considered as a separate price or allowance?

Answer: *This would be considered as a separate price or allowance*

Question #2: The area of the actual survey is in question – whether it should include the surrounding roads and built form, or whether it is contained by the area shown on page 42 within the black line border. Would underground services be required to be shown as well?

Answer: *Yes*
