**ADDENDUM NO. 3
PROPOSAL NO. 88-20
ENGINEERING CONSULTING SERVICES FOR THE
HOWARD AVENUE CORRIDOR IMPROVEMENT PROJECT**

July 24, 2020

This addendum amends and forms part of the RFP Documents. The Bidder shall insert the addendum behind the cover page of the RFP Documents.

QUESTIONS/ANSWERS:

Question #1:

What, if any, topographical survey information is available for the study area?

Answer: There is no current topographical survey information for the area.

Question #2:

Please confirm if the City will hire a geotechnical consultant directly.

Answer: The City will hire a geotechnical consultant directly after discussion with the successful proponent regarding what the scope and requirements should be from the geotechnical consultant.

Question #3:

The Cost Proposal section of the RFP notes that drainage design is separate from the intersection design work. Can the City confirm that both the intersection and storm sewer work will be part of the overall issued for Construction tender set of drawings. Will the works be tendered as one full package to be constructed under one contract?

Answer: The intersection improvements will include a storm sewer component based off of the improvements identified through the drainage design and will be part of the issue for tender/construction drawings. The extent of the drainage system improvements to be included in the tender drawings for the intersection construction will be determined through discussions with the City and the successful proponent.

END OF ADDENDUM NO. 3

Yours truly,

THE CORPORATION OF THE CITY OF WINDSOR
