13.01. SCOPE OF WORK

This specification covers the requirements for the weighing of materials where payment under the contract item is based on mass.

13.02. REFERENCES OR RELATED DOCUMENTS

This specification refers to the following standards, specifications, or publications:

- OPSS 102
- Government of Canada Weights and Measures Act 1985
- Government of Canada Weights and Measures Regulations, 1990
- City of Windsor General Conditions

13.03. EQUIPMENT

Where the contract item requires a measurement for payment by weighing, weigh scales shall be provided by the contractor at no additional cost to the City. Such scales are to meet the requirement of this specification and that of OPSS 102.

13.04. TESTING AND CERTIFICATION OF SCALES

Scales used in weighing materials under City of Windsor contracts shall conform to the testing procedures and certification requirement of OPSS 102.04.01

Proof of such certification must be made available upon request.

13.05. CONSTRUCTION – WEIGHING

Will satisfy all requirements of OPSS 102.07

All mass measurements shall be in kilograms (kg)

When, at the opinion of the City of Windsor, waste or loss of material mass between the scale location and the materials destination occurs, the hauling operation is to be suspended until appropriate steps and corrective actions have taken place.

13.06. VEHICLE TARES

Will satisfy OPSS 102.07.03

If a hauler is found to be transporting material to the project via city roads while exceeding the Gross vehicle weight rating (GVWR) or vehicle weight rating (VWR) (according to the weight ticket) a warning will be issued by the City representative to the contractor and the hauler in question. Should, on subsequent loads, that hauler not correct the violation the City shall notify the Ministry of Transportation and/or the police and refuse acceptance of any further materials so delivered.

13.07. QUALITY CONTROL

Will satisfy OPSS 102.08

The City of Windsor may check the scale accuracy at any time and by any means.

13.08. BASIS OF PAYMENT

Payment for the weighing of materials shall be included in the contract price of the item in question.

Payment shall only be made on materials that satisfy the requirements of this specification and shall be deemed to be compensation in full for all labour, equipment and material required to carry out weighing operations including any delay or inconvenience due to any necessary checking or testing by the City of Windsor as set out in this specification.
