Hello All, It is with regret that I send this email informing you that, on March 17, I was notified my position at Canadian Mental Health Association – Windsor Essex County Branch, was eliminated due to restructuring. Unfortunately, I will no longer be able to support the Age-friendly Windsor. That said, I will have some time to perform wrap up work and foster a smoother transition. As of this morning, I do not yet have an end date. I am hoping for one month, maybe longer, but that remains to be seen. I have to say, I am confident the Network has the capacity to continue with some of our community's best representatives in play and a great team at the City who are poised to support the initiative.

So, here's my wrap up list. If you feel I've forgotten anything, please let me know.

- Description**
1. Dropbox – creation of an online file-sharing Dropbox so that all members of the executive can access the working files.
  2. Logo – Finalize and upload files to Dropbox.
  3. Pamphlet – there were several valid suggestions made about the “accessibility” of the pamphlet that I will pass on to WECHU for revision. Once completed, upload file to Dropbox.
  4. Email – we have created an Age-friendly Windsor g-mail account so that there is a neutral access point (previously, I gave my CMHA contact information).
  5. Survey Monkey Template – completed and access instructions passed on.
  6. Matrix – updates
  7. Contact Working Groups to notify them of changes.
  8. Update profile on AgeFriendlyWorld As of now, Stephen Lynn will be listed as the primary contact for the World Health Organization.

As well, he will be given the password file for all of our online accounts. The Executive can decide how to handle that information in the future.

Good morning Sandra,

The advocacy report written by Lynne Adams has been brought to my attention for comment. Please note that Accessible Parking permits are issued by the Province, not the Municipality. <http://www.ontario.ca/driving-and-roads/get-accessible-parking-permit>. This matter is completely outside of our jurisdiction. As noted in previous meetings, the City of Windsor has no authority regarding such accessible parking permits, they are a provincial responsibility.

**Advocacy Report:**

**FYI**

At our May monthly meeting I requested authority to ask our Members of Provincial Parliament for help in determining the number of Handicap placards in Windsor.

Below is a copy of the email I sent to them:

Member of Provincial Parliament;

As a member of the Seniors Advisory Committee, a committee of the Windsor City Council, I have been tasked with identifying the number and possible postal codes of those individuals who have Handicap Placards issued by Service Canada.

I am aware that this is a busy time for you and your staff but any assistance would be of a great help.

Whom should I contact, at what department and/or is this information available.

The requested information would assist the committee in it's mandate to provide the best possible service to achieve our goal of a Age Friendly Community.

Sincerely Yours

Mr. Lynne Adams

Member S.A.C.

**The response:**

"There are approximately 15,800 active accessible parking permits (APP) in Windsor.

Unfortunately, we are unable to provide a breakdown by postal code, as that information is encrypted within the database."

Let us know if there is any other information you need, and we will see if we can get it.

If you figure the population of Windsor is 200,000 and the average family is 4 people then we have 50,000 households, if every household has at least 1 car then almost **31% of vehicles have handicap placards.**
