Moved by: Councillor Kieran McKenzie

That given the need for the City of Windsor to have autonomy to create a transportation network that meets the needs of our community; and,

Since unwarranted meddling and unnecessary oversight from Bureaucrats and Politicians at Queen's Park in developing and implementing transportation infrastructure at the municipal level, during a period of unprecedented local growth increases red tape causing administrative delays and adds financial burden reducing municipal capacity to address other pressing issues in our community; and,
Recognizing that the City, its residents, administrators and locally elected officials understand our community, its needs, its culture and strategic direction far better than people working in Queen's Park and must therefore must continue to be empowered to make decisions that respond to local needs and priorities; and,

Understanding that Active Transportation infrastructure has the dual benefit of reducing traffic congestion and improving road safety for drivers, pedestrians and cyclists alike;

That Council direct Administration, for the reasons cited above, to express to the Government of Ontario, on its behalf, its opposition to the measures outlined in Bill 212, the so-called *Reducing Gridlock and Saving You Time Act* with a specific emphasis on any measure that would curtail Municipal Authority to design and implement transportation infrastructure within the City of Windsor.
