14. **MOVE BACK INTO FORMAL SESSION**

15. NOTICES OF MOTION

Moved by: Councillor Kieran McKenzie

Seconded by: Councillor _____

That given the need for the City of Windsor to have autonomy to create a transportation network that meets the needs of our community; and,

Since unwarranted meddling and unnecessary oversight from Bureaucrats and Politicians at Queen's Park in developing and implementing transportation infrastructure at the municipal level, during a period of unprecedented local growth increases red tape causing administrative delays and adds financial burden reducing municipal capacity to address other pressing issues in our community; and,

Recognizing that the City, its residents, administrators and locally elected officials understand our community, its needs, its culture and strategic direction far better than people working in Queen's Park and must therefore must continue to be empowered to make decisions that respond to local needs and priorities; and,

Understanding that Active Transportation infrastructure has the dual benefit of reducing traffic congestion and improving road safety for drivers, pedestrians and cyclists alike;

That Council DIRECT Administration, for the reasons cited above, to express to the Government of Ontario, on its behalf, its opposition to the measures outlined in Bill 212, the so-called Reducing Gridlock and Saving You Time Act with a specific emphasis on any measure that would curtail Municipal Authority to design and implement transportation infrastructure within the City of Windsor.

Clerk's File: ST2024

Clerk's Note: At the November 25, 2024 City Council Meeting, Council adopted the following:

Moved by: Councillor Renaldo Agostino

Seconded by: Councillor Jo-Anne Gignac

Windsor, ON N9A 6S1

Dear Mayor Dilkens and Members of City Council:

Re: Item 11.1 - Festival Plaza Redevelopment - Ward 3

On behalf of the Downtown Windsor Business Improvement Association (DWBIA), I am writing to express our strong support for Option 1 (Dynamic Destination Design) in the proposed Festival Plaza redevelopment. We believe this top-tier, transformative approach will establish Festival Plaza as a cornerstone of economic, cultural, and community vitality in downtown Windsor.

Option 1 is a visionary proposal that connects with our shared goals of creating a dynamic, inclusive, and engaging urban core. Its comprehensive features, including tiered grass seating, shade structures, interactive water installations, and expanded green spaces, will enhance the plaza's usability year-round. These investments are both aesthetic and practical, and promote an environment that invites residents and visitors to engage with our downtown, attend events, and support local businesses.

This redevelopment will undoubtedly bolster downtown Windsor as a hub of tourism and economic activity. By integrating cutting-edge infrastructure and thoughtful design, Festival Plaza will attract diverse events, stimulate foot traffic, and create ripple effects that benefit restaurants, retail shops, and cultural venues throughout the core. Its emphasis on green infrastructure and accessibility is proof that our city is forward-thinking, and that we are committed to sustainability and inclusivity.

However, the DWBIA emphasizes that our highest priority is to continue funding the "Strengthen the Core" program, which has delivered impactful and measurable results in revitalizing downtown Windsor during its first six months. While we are enthusiastic about the potential of Option 1 for Festival Plaza, it is critical not to overlook the importance of Strengthen the Core, a

program that directly addresses immediate needs and drives tangible improvements for our downtown.

This program aligns seamlessly with the vision for Festival Plaza, creating a synergy that amplifies the transformative potential of both initiatives. Together, they provide an unparalleled opportunity to redefine downtown Windsor as a vibrant destination for residents, visitors, and entrepreneurs. They demonstrate how investment in public spaces can stimulate economic growth, celebrate our community's rich culture, and foster pride and belonging among Windsorites.

We respectfully urge Council to prioritize the continued success of Strengthen the Core while approving Option 1 for Festival Plaza redevelopment. Maintaining momentum in Strengthen the Core will ensure that its progress is sustained and integrated with the long-term enhancements envisioned for Festival Plaza.

Thank you for your leadership and for considering this essential investment in our city's future. The DWBIA remains committed to collaborating with the City of Windsor to fully realize the potential of downtown Windsor as a thriving and dynamic hub.

Sincerely,

DocuSigned by:

Subject: Request to be Written Delegation: January 13, 2025 Windsor City Council - Item No. 11.1 Festival Plaza

Hello,

RE: Request to be written Delegation to January 13, 2025 Windsor City Council Item No. 11.1 "Festival Plaza".

I would like to state that I support the Option #1 of Item 11.1 Festival Plaza. Although Option 2 could be considered a Phase in, I would agree that it would end up costing more in both terms of money and disruption. Better to go up front with the recommended Option # 1.

I would add that consideration be given to the following items:

1. Raking the main seating area sufficiently for good sight lines.
2. Considering additional sponsors such as Caesar's Windsor (at least dedicating the annual OLG income the City receives from Ceasars).
3. Ensure as much permeable paving as possible. If the City can do it Tranby Park Parking Lot, then they can certainly consider it on our prime riverfront location.
4. Consider additional other stormwater mitigation features. Swales, Rain Gardens etc.
5. Consider Naturalized landscape features and plantings.
6. Ensure any ne lighting is minimal and all artificial lighting to be downcast.
7. Consider patterns and subtle coloring in the permeable paving design.
8. Consider better quality 'Sea Container' design and placement. Hold a public design competition.
9. Ensure opportunities for open call Public Art.
10. Ensure Seasonal variance in shade tree plantings.
11. Consider celebrating Canadian geography in choice of materials and design.
12. Consider sound buffering aspects of materials and landscaping.
13. Allow no overhead utility lines.
14. Consider Green Grants from other upper levels of Government or Corporate sponsors.

Regards,

David Hanna
Ward 3 Resident

Dear Members of Windsor City Council,

It has come to our attention that as part of ongoing budget deliberations, Windsor's City Council will consider a recommendation for a new Transit Windsor Service Plan, which among other things, calls for the elimination of School Extra buses.

As the administrative leaders of the two largest school boards in Windsor-Essex, we are writing to express our unreserved opposition to this recommendation.

In the budget detail document (#2025-0121), these school extras are referred to as a "concierge level of service for a small number of secondary students." We can assure you that this statement could be nothing further from the truth. The document fails to mention any actual figures regarding student ridership on these extra buses, but we can assure you that they are extremely well utilized by our students.

At Holy Names Catholic High School for instance, six extra buses transport students to and from school every day, and they are always full. At Vincent Massey Secondary School, there are also six very well utilized extra buses. At Riverside Secondary School and at St. Joseph's Catholic High School, students from each school rely on two extra buses that are full every day. Based on a 40-seat capacity for the average Transit Windsor bus, that's approximately 640 students who rely on this service every school day.

In speaking with Principals at all of these schools, a number of serious concerns were raised:

- Eliminating this service would only create additional vehicular traffic in areas already severely congested - particularly at such schools as Holy Names and Massey - as more parents would undoubtedly be driving their children to and from school. Besides increased congestion, this creates a safety issue for the many pedestrians in those areas, not to mention the environmental impact.
- The current extra high school routes provide an expedited transit ride without connections, so many students would be facing increased ride time, the possibility of missed connections, and subsequently missed classroom instructional time. Long commute times negatively affect students' sleep, physical activity, and overall health, creating a ripple effect on academic success and mental well-being.

- For many students, especially those from lower socio-economic households, these extra buses are their only source of transportation. Eliminating them could have a negative outcome on student attendance and subsequently, student achievement.
- Many of the existing routes don't travel to the areas that the extra buses currently do, and would never accommodate the number of students who would rely on them. We understand the recommendation calls for the enhancement of existing routes, however, will the frequency of these enhanced routes be sufficiently increased to handle the number of students that currently ride the high school extras, especially during peak times? If these new regular buses are staggered, we envision hundreds of students waiting at stops on busy streets like Dominion for their bus to arrive.

It's important to note that at no point were our school boards contacted regarding these service changes for feedback or collaboration, and only learned about them through the local media. We would have been happy to work with the City and Transit Windsor officials on addressing issues they are currently facing.

In closing, transportation is a critical yet often overlooked factor in ensuring equitable access to education. Without reliable transit, many students face barriers that impact their attendance, performance, and overall opportunities. Transportation is an important part of bridging the gap toward achieving educational inclusion — a gap that requires closing early on. Having a trustworthy, dependable way to get to and from school is key to promoting equitable education for students from all backgrounds.

On behalf of our students and their families we would urge you to seriously reconsider the impact of eliminating these extra bus routes and commit to maintaining them as an essential service for the betterment of our community.

Sincerely

Emelda Byrne

Subject: Bus service for high schools students.

This cut is unacceptable for the working parents and taxpayers. Due to this some parents have to quit their job , stop paying taxes and also possible strike could happen. Thanks

Subject: Cost of Tunnel Bus

Dear City of Windsor Clerk,

First, I want to apologize for interrupting your day with this email but yours is the only email address I could find besides the 311 address. I have had dealings with 311 in the past with poor results. Second, I want to say that the city has really made it difficult for the public to contact a City of Windsor Department without going through 311. I couldn't even find a list of Department Heads on your website. Much different than it was when I was in the clerical pool for 15 years.

My question is, why does it cost so much more to operate the Tunnel Bus than it does the bus between Windsor and Amherstburg? The travel distance for the tunnel bus must be 25 percent or less than that of the trip to Amherstburg. Perhaps if the City explained it's need for a rate increase to the public and its ridership, it would be easier to accept a rate increase for a trip to Detroit.

Sincerely,
Sandi Lusk

Mayor Drew Dilkens and Members of City Council
City of Windsor
350 City Hall Square West
P.O. Box 1607
Windsor, ON N9A 6S1

Dear Mayor Dilkens and Members of City Council:

Re: Budget Item: Adjustment to enforcement time for parking meters

On behalf of the Downtown Windsor Business Improvement Association (DWBIA) and our more than 680 members, I am writing to express our serious concerns regarding the proposed extension of paid parking hours in the downtown core from 6:00 PM to 9:00 PM.

As representatives of downtown businesses, property owners, and stakeholders, we have engaged extensively with our members. The feedback has been overwhelmingly negative, reflecting legitimate concerns about how this proposal could jeopardize downtown Windsor's economic vitality and revitalization efforts.

We strongly urge City Council to reconsider this proposal for the following reasons:

1. Economic Impact on Businesses

For many restaurants and entertainment venues, the hours between 5:00 PM and 9:00 PM are critical for business. Imposing parking fees during these peak hours puts downtown establishments at a competitive disadvantage compared to other areas with free parking. This will likely drive customers elsewhere, reducing revenue and threatening the success of these businesses.

2. Challenges to Business Competitiveness

Downtown businesses already face significant competition from suburban areas and other districts with free or lower-cost parking. Adding parking fees during key evening hours would exacerbate these challenges, reducing foot traffic and discouraging both customers and new businesses from choosing the downtown core.

3. Impact on Community Engagement and Arts and Culture

Downtown Windsor has made commendable progress in becoming a vibrant destination for community gatherings, cultural events, and evening activities. Extending paid parking hours creates unnecessary barriers for residents and visitors attending these events, diminishing participation and community engagement.

Arts and culture venues, already vulnerable to declining attendance, would face even more significant challenges. Higher parking fees risk deterring audiences, redirecting them to entertainment options in other areas with free parking. This decline in attendance would jeopardize the revenue and sustainability of vital arts and culture programs that contribute to the vibrancy of our downtown.

4. Increased Costs for Deliveries and Consumer Goods

Businesses that rely on deliveries and shipments will face higher transportation and logistics costs due to increased parking rates. These costs often cascade down to consumers, resulting in higher prices for goods and services.

5. Financial and Time Strain on Students

Students, many of whom already face financial constraints, would bear the burden of increased parking fees. Even modest increases can make parking unaffordable, forcing students to find more distant or free parking options. This added inconvenience could reduce valuable time spent attending classes or studying.

6. Hindrance to Economic Recovery

As downtown Windsor continues its recovery from recent economic challenges, creating barriers to visitation and growth is counterproductive. Extended parking fees could deter customers and investors, undermining efforts to foster economic development and sustain momentum in the core.

7. Increased Financial Burden on Workers

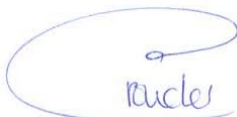

Many downtown employees, especially those in the service industry, rely on affordable parking to maintain their livelihoods. Extended paid parking hours would effectively act as a pay cut for evening workers, increasing financial stress and exacerbating employee retention challenges, particularly in a post-pandemic recovery climate.

While we understand the City's need to manage parking resources and generate revenue, this proposal risks undermining the very foundation of downtown Windsor's economic health. Reduced foot traffic, lower business revenue, and increased vacant storefronts are likely outcomes that would negate any financial gains from extended enforcement hours.

We respectfully urge the City to maintain the current 6:00 PM end time for paid parking. The DWBIA remains committed to collaborating with the City to identify solutions that support downtown Windsor's growth while balancing fiscal responsibility.

Thank you for your attention to this matter. We appreciate your consideration of our concerns and look forward to working together to ensure a thriving, accessible, and vibrant downtown Windsor.

Sincerely,

Debi Croucher
Executive Director
