Commemorative Bench Program

Parks, Recreation & Culture, and Facilities

Terms and Maintenance

Once purchased, the bench becomes the property of the City of Windsor. Bench commemorations are provided for the natural life span of the bench to a maximum of ten years.

The lifecycle of the bench has passed when it is deemed by the Parks Operations to be at the point at which the bench becomes unsafe or unusable.

Plaques will be maintained to a maximum of two years. Should the plaque be vandalized or stolen, the City of Windsor will pay for one replacement plaque. Anything thereafter would be an additional cost and at the sole discretion of the donor.

At the expiry of the bench term, Parks will make all reasonable efforts to contact the donor and return the plaque.

Commemorative Bench Program

Benches are an important park amenity in the City of Windsor Parks. They provide resting and viewing areas for residents and visitors to sit, relax and enjoy the beauty of the Windsor Parks system.

The Commemorative Bench Program, administered by Parks and Recreation, allows you to participate in a very special way by adding a bench in a City owned park.

For a very reasonable fee, you may donate a standardized bench and plaque to be installed in eligible City parkland, as chosen by the Manager of Parks Operations and maintained by City personnel.

A commemorative bench may be donated in memory of a loved one, to honour a person or group or for any other special occasion.

Commemorative Bench Cost

\$3,000

Standard Bench
Pressure treated wood slats, square tube powdered coated frame, plaque.
(Bench, no plaque \$2,300)

\$4,500

Metal Bench
Powdered coated steel slats welded to tubular steel, and plaque.
(Bench, no plaque \$3,900)

Location

Locations within parks are subject to Parks approval. Bench installation is based on proposed future development, underground utilities, maintenance efficiencies and other site restrictions.

When parks are at full capacity, donors may be put on a waiting list. The waiting list is on a first come, first served, basis for each park.

Primary locations of benches within parks are along accessible paved trails and pathways.

Locations outside of the eligible parks may be permitted on a case by case basis, subject to review by Parks Operations.
