## **PROVINCIAL PLANNING STATEMENT (PPS) 2024**

The Planning Staff have reviewed the relevant policies of the PPS - “Building Homes, Sustaining Strong and Competitive Communities” (Policy statement 2.2.1.b of the PPS). The requested minor variances are consistent with these policies permitting and facilitating all housing options required to meet the social, health, economic, and well-being requirements of current and future residents.

## **OFFICIAL PLAN (OP)**

The Minor Variance Policies in Section 11.6.6 are hereto attached as **Appendix A**. Section 11.6.6.2 outlines the evaluation criteria for minor variance applications. The general intent and purpose of the Official Plan is maintained with the proposed development; the requested variances are minor in nature and desirable for the subject building.

The subject land is designated Mixed Use per the Official Plan. The proposed development is permitted and conforms to the associated objectives and policies. Therefore, the requested variances meet the general intent and purpose of the Official Plan per Section 11.6.6.2(a).

The proposed development is permitted and conforms to the zoning by-law provisions, except for the requested variances. Therefore, the general intent and purpose of the by-law being varied is maintained as per Section 11.6.6.2(b).

The proposal will have minimal impact on the properties in the immediate neighbourhood. Therefore, the variances are minor in nature as per Section 11.6.6.2(c).

The requested variances do not exceed a 20 percent variation above the bylaw regulations which complies with Section 11.6.6.2(d).

The variances are desirable for the appropriate use of the land, building, or structure and would not hinder the reasonable development and/or use of properties in the neighbourhood, thus complying with Section 11.6.6.2(e).

## **ZONING BY-LAW**

The subject land is zoned Residential District 3.1 (RD3.1) per By-law 8600. The proposed use is permitted and complies with the applicable provisions with the exception of the variances being requested. The requested variances will not result in undue hardship on the owner, adjoining properties, or the public realm; therefore, the variances are minor in nature. The proposed variances meet the intent of Zoning By-law 8600.

4. **PLANNER'S OPINION:**

The requested variances are minor in nature and maintain the general intent and purpose of the Official Plan and Zoning By-law 8600. Therefore, the variances are consistent with section 45 (1) of the Planning Act. The Planning Division recommends approval of the applicant's request with no conditions.

<b>TERMS &amp; CONDITIONS</b>	11.6.6.4	The Committee of Adjustment may attach such terms and conditions as it deems reasonable and appropriate to the approval of the application for a minor variance. The conditions shall relate directly to the impact of the variance and may include measures required to mitigate the impact of altering the zoning regulations on the resulting built form or property development, including but not limited to: a) Specifying architectural elements such as window location, outdoor amenity space, fencing or other screening and door location; b) Requiring additional landscaping including low impact design elements; c) Providing additional bicycle facilities in lieu of motor vehicle parking; and d) Improvement to grading and stormwater management.

### Heritage Planner

#### Built Heritage

Please be advised that the subject property is located adjacent to a listed heritage property recognized by Council on the Windsor Municipal Heritage Register:

R | 1385 University Ave W | Church of the Ascension | c1907-27 | Arch. Sheppard & Masson | Core

Heritage sensitive considerations should be given to ensure that the heritage context is considered, and serve as an inspiration to create a development that is sympathetic to adjacent heritage resources in its design, and be of compatible height, massing, scale, setback and architectural style to the area.

#### Archaeology

The subject property is located within the Archaeological Potential Zone (as per the Windsor Archaeological Management Plan, 2024; OPA 181; and updated 2024 archaeological potential model OP Volume I Schedule C-1). However, the subject property is not within an Archaeologically Sensitive Area (ASA). Thus, an archaeological assessment is not requested at this time. Nevertheless, the Applicant should be notified of the following archaeological precaution.

1. Should archaeological resources be found during grading, construction or soil removal activities, all work in the area must stop immediately and the City's Planning & Development Services Department, the City's Manager of Culture and Events, and the Ontario Ministry of Citizenship and Multiculturalism must be notified and confirm satisfaction of any archaeological requirements before work can recommence.
2. In the event that human remains are encountered during grading, construction or soil removal activities, all work in that area must be stopped immediately and the site secured. The local police or coroner must be contacted to determine whether or not the skeletal remains are human, and whether the remains

constitute a part of a crime scene. The Local police or coroner will then notify the Ontario Ministry of Citizenship and Multiculturalism and the Registrar at the Ministry of Government and Consumer Services if needed, and notification and satisfactory confirmation be given by the Ministry of Citizenship and Multiculturalism.

#### **Windsor Police Service**

The Windsor Police Service has no concerns or objections with any of the applications listed in this agenda. In reviewing them, all are relatively minor in terms of their potential impact to public safety and security. None of the applications to be considered are therefore anticipated to create outcomes that will negatively impact the ability of the Windsor Police Service to provide proper and adequate response to incidents, whether emergency or non-emergency in nature, and other service delivery requirements.

#### **Environmental Policy**

Environmental Policy staff have no objection to the proposal, and nothing further is required at this time. To maintain high regard for Natural Heritage in the City during development, the following applies:

1. Should Species at Risk or their habitat be found at any time on or adjacent to the site, cease activity immediately and contact MECP at SAROntario@ontario.ca for recommendations on next steps to prevent contravention of the Endangered Species Act (2007). The City of Windsor SAR hotline (519-816-5352) can also be used for relevant questions and concerns.
2. For a list of Species at Risk and other provincially tracked species with potential to be around the site, use the Natural Heritage Information Centre (NHIC) Make A Map tool, found at <https://www.ontario.ca/page/make-natural-heritage-area-map>
3. Active nests of most bird species are protected under the Migratory Birds Convention Act (1994), the Fish and Wildlife Conservation Act (1997), and/or the Endangered Species Act (2007). If trees, shrubs or ground area on/adjacent to the site are to be removed, damaged, or disturbed during the breeding bird season (April 1 – August 31), then sweeps for nesting birds should be conducted to prevent contravention of these regulations. Protect any trees, shrub or ground area where an active nest is found, and leave the nest unharmed until the young have permanently left the vicinity of the nest. Visit <https://www.canada.ca/en/environment-climate-change/services/avoiding-harm-migratory-birds/reduce-risk-migratory-birds.html> for more information.

4. Beaver dams and dens of fur-bearing mammals are protected under section 8 of the Fish and Wildlife Conservation Act (1997) and are not to be damaged or destroyed without the proper authorization and/or license.
5. The City of Windsor is a Bird Friendly City. Bird Friendly Design is encouraged, particularly window collision mitigation. Options for integrating bird friendly design can be found here: [www.birdsafe.ca](http://www.birdsafe.ca) and bird friendly guidelines can be found here: Bird-Friendly Guidelines – City of Toronto.
6. Ontario has a list of Regulated Species in the Ontario Invasive Species Act (ISA) (2015). If any species on this list are identified on site, it is recommended that Best Management Practices be followed to remove the invasive species from the site prior to starting development activities. If guidance is required, report the occurrence to the City Naturalist. For a list of ISA Regulated species: Ontario Invasive Species Act – Invasive Species Centre.
