Subject Application: Consent to create a new lot.

Owner: Aarin Hollub

Applicant: Edwin C. Hooker Professional Corporation

Location: 2411 Academy Dr

Legal Description: PLAN 1307 L N32.000 810,811

1. RECOMMENDATION:

That the Consent application of Aarin Hollub for the conveyance of part of the subject lands, municipally known as 2411 Academy Dr. and 2421 Academy Dr. for the recreation of the previously existing lots, as shown on the drawing attached to the application **BE GRANTED** with no conditions.

2. THE REQUESTED MUNICIPAL CONSENT:

Land conveyance of part of the subject land, 2411-2421 Academy Dr., as shown on the attached drawing, for the purpose of severing the property into the lots as they existed prior to being inadvertently merged.

3. PLANNING ANALYSIS:

The subject property is municipally known as 2411 Academy Dr. and 2421 Academy Dr. Each address currently contains a Single Unit Dwelling with a detached accessory building. These properties inadvertently merged as a result of ownership being registered in the same names. The applicant is requesting that the lots be re-established to as they were before they merged. There are no proposed changes to the existing uses. The subject land is designated as Residential in the Official Plan. The proposed use for both properties is Residential. The requested severance complies with Windsor’s Zoning By-law 8600.

PLANNING ACT

Subsection 53(1) of the Planning Act gives council the authority to grant consent if satisfied that a plan of subdivision of land is not necessary for the proper and orderly development of the municipality. Council for the Corporation of the City of Windsor has delegated its consent authority to the Committee of Adjustment of the City of Windsor in accordance with Section 54(5) of the Planning Act.

Subsection 51(25) of the Planning Act allows the approval authority to impose such conditions to the approval of an application as it considers reasonable having regard to the nature of the development proposed.

PROVINCIAL PLANNING STATEMENT (PPS) 2024

Planning Staff has reviewed the relevant policies of the PPS - “Building Homes, Sustaining Strong and Competitive Communities” (Policy statement 2.2.1.b of the PPS). The requested consent is consistent with these policies permitting and facilitating all housing options required to meet the social, health, economic, and well-being requirements of current and future residents.

OFFICIAL PLAN (OP)

The Consent Policies, Section 11.4.3 of the Official Plan provide evaluation criteria and conditions of approval for consent applications. Appendix “A” attached herein shows the Consent Policies 11.4.3.

This consent is for creation of a new lot, which represents an appropriate consent per Section 11.4.3.2(a).

The severed and retained lots have access to a public highway paved with a hard surface and are serviced by municipal sanitary and storm services, complying with sections Section 11.4.3.4 and 11.4.3.5.

This consent satisfies the evaluation criteria in Section 11.4.3.6 for continuation of an orderly development pattern.

The City of Windsor Official Plan designates the subject property as Residential and the proposed development maintains the same use and conforms to the associated objectives and policies; therefore, the requested consent meets the general intent and purpose of the Official Plan.

ZONING BY-LAW

The subject land is zoned Residential District 1.4 (RD1.4) per Windsor’s Zoning By-law 8600.

4. PLANNER’S OPINION:

This consent application is consistent with the Planning Act and Provincial Planning Statement 2024 and represents good planning. The requested Consent complies with the Official Plan and Zoning By-law 8600. The Planning Division recommends the approval of the applicant’s request for consent with no conditions.

Development, Projects & Right-of-Way

This department has no objections to the proposed application, Right of way permits must be obtained for any work within the right of way.

[Amy Kurek, Technologist]

Windsor Police Service

The Windsor Police Service has no concerns or objections with any of the applications listed in this agenda. In reviewing them, all are relatively minor in terms of their potential impact to public safety and security. None of the applications to be considered are therefore anticipated to create outcomes that will negatively impact the ability of the Windsor Police Service to provide proper and adequate response to incidents, whether emergency or non-emergency in nature, and other service delivery requirements.

[Barry Horrobin, Director of Planning & Physical Resources]

Environmental Policy

Environmental Policy staff have no objection to the proposal, and nothing further is required at this time. To maintain high regard for Natural Heritage in the City during development, the following applies:

1. Should Species at Risk or their habitat be found at any time on or adjacent to the site, cease activity immediately and contact MECP at SAROntario@ontario.ca for recommendations on next steps to prevent contravention of the Endangered Species Act (2007). The City of Windsor SAR hotline (519-816-5352) can also be used for relevant questions and concerns.
2. For a list of Species at Risk and other provincially tracked species with potential to be around the site, use the Natural Heritage Information Centre (NHIC) Make A Map tool, found at <https://www.ontario.ca/page/make-natural-heritage-area-map>
3. Active nests of most bird species are protected under the Migratory Birds Convention Act (1994), the Fish and Wildlife Conservation Act (1997), and/or the Endangered Species Act (2007). If trees, shrubs or ground area on/adjacent to the site are to be removed, damaged, or disturbed during the breeding bird season (April 1 – August 31), then sweeps for nesting birds should be conducted to prevent contravention of these regulations. Protect any trees, shrub or ground area where an active nest is found, and leave the nest unharmed until the young have permanently left the vicinity of the nest. Visit <https://www.canada.ca/en/environment-climate-change/services/avoiding-harm-migratory-birds/reduce-risk-migratory-birds.html> for more information.
4. Beaver dams and dens of fur-bearing mammals are protected under section 8 of the Fish and Wildlife Conservation Act (1997) and are not to be damaged or destroyed without the proper authorization and/or license.
5. The City of Windsor is a Bird Friendly City. Bird Friendly Design is encouraged, particularly window collision mitigation. Options for integrating bird friendly design can be found here: www.birdsafe.ca and bird friendly guidelines can be found here: Bird-Friendly Guidelines – City of Toronto.
6. Ontario has a list of Regulated Species in the Ontario Invasive Species Act (ISA) (2015). If any species on this list are identified on site, it is recommended that Best Management Practices be followed to

remove the invasive species from the site prior to starting development activities. If guidance is required, report the occurrence to the City Naturalist. For a list of ISA Regulated species: Ontario Invasive Species Act – Invasive Species Centre.

Heritage

The subject property is located within the Archaeological Potential Zone (as per the recently adopted Windsor Archaeological Management Plan, 2024; OPA 181; and updated 2024 archaeological potential model OP Volume I Schedule C-1). However, the subject property is not within an Archaeologically Sensitive Area (ASA). Thus, an archaeological assessment is not requested at this time. Nevertheless, the Applicant should be notified of the following archaeological precaution.

1. Should archaeological resources be found during grading, construction or soil removal activities, all work in the area must stop immediately and the City's Planning & Building Department, the City's Manager of Culture and Events, and the Ontario Ministry of Citizenship and Multiculturalism must be notified and confirm satisfaction of any archaeological requirements before work can recommence.
2. In the event that human remains are encountered during grading, construction or soil removal activities, all work in that area must be stopped immediately and the site secured. The local police or coroner must be contacted to determine whether or not the skeletal remains are human, and whether the remains constitute a part of a crime scene. The Local police or coroner will then notify the Ontario Ministry of Citizenship and Multiculturalism and the Registrar at the Ministry of Government and Consumer Services if needed, and notification and satisfactory confirmation be given by the Ministry of Citizenship and Multiculturalism.
