¹For questions regarding Engineering conditions, please contact Thomas Huynh, Technologist, at (519) 255-6257x6335 or thuynh@citywindsor.ca <u>Note:</u> Severance conditions must be fulfilled after consent has been granted. If the condition is not satisfied within the required timeline, the application is deemed to be null and void. A new Committee of Adjustment application will be required for any expired application.

2. THE REQUESTED LAND SEVERANCE:

The land conveyance of part of the subject land, as shown on the attached drawing, for the purpose of creating a new lot.

3. PLANNING ANALYSIS:

The subject property, legally described as Plan 1478; Part Lot 126; RP 12R28654; Parts 2 & 3, was severed from the property to the north (4135 Dougall Avenue) (B-015/21 & B-035/23) and is currently vacant. The applicant is seeking consent to sever the property to accommodate one single unit dwelling on the severed lot and one on the retained lot. However, the lots do not meet the minimum lot width and area requirements of the zoning district. As a result, a minor variance application (A-025/25) has been submitted concurrently to address these deficiencies. The use is permitted in the zoning district.

PLANNING ACT

Subsection 53(1) of the Planning Act gives council the authority to grant consent if satisfied that a plan of subdivision of land is not necessary for the proper and orderly development of the municipality. Council for the Corporation of the City of Windsor has delegated its consent authority to the Committee of Adjustment of the City of Windsor.

Subsection 51(25) of the Planning Act allows the approval authority to impose such conditions to the approval of an application as it considers reasonable having regard to the nature of the development proposed.

PROVINCIAL PLANNING STATEMENT (PPS) 2024

The Planning Staff has reviewed the relevant policies of the PPS - "Building Homes, Sustaining Strong and Competitive Communities" (Policy statement 2.2.1. of the PPS). The requested minor variance is consistent with these policies, permitting and facilitating housing options required to meet the social, health, economic, and well-being requirements of residents while efficiently utilizing land, resources, and infrastructure.

OFFICIAL PLAN (OP)

The Consent Policies, Section 11.4.3 of the Official Plan provide evaluation criteria and conditions of approval for consent applications. Appendix "A" attached herein shows the Consent Policies 11.4.3.

The consent to sever application is for creating a new lot, representing an appropriate consent per Section 11.4.3.2(a).

The severed and retained lots have access to a public highway paved with a hard surface and are serviced by municipal sanitary and storm services, complying with sections Section 11.4.3.4 and 11.4.3.5.

This consent satisfies the evaluation criteria in Section 11.4.3.6 with minimal development impact on the adjacent properties. The subject land is designated Residential in the Official Plan. The proposed consent to accommodate single unit dwellings aligns with infill and intensification policies.

ZONING BY-LAW 8600

The subject land is zoned Residential District 1.4 (RD1.4), permitting a single unit dwelling. A minor variance application is being submitted concurrently for relief from the required minimum lot width and area (See A-025/25).

4. PLANNER'S OPINION:

The requested consent complies with the Official Plan and Zoning By-law 8600. This consent application is consistent with the Planning Act and Provincial Policy Statement and represents good planning. Planning staff, in consultation with the Engineering Department, recommends approval with the conditions noted on the recommendation.

Zaid Zwayyed
