

PUBLIC COMMENTS AND FEEDBACK

**CABANA CORRIDOR IMPROVEMENTS PHASE 2
Howard Avenue to Dougall Avenue**

**Proposed Road Closure of Huntington as part of the Cabana Road
Environmental Assessment Implementation**

December 5, 2018

Cabana Road is being reconstructed to accommodate two lanes in each direction with bike lanes, in accordance with the approved Environmental Assessment report.

To improve overall traffic safety and to reduce traffic conflicts, a preferred plan has been put forward by the project team to close the intersection of Cabana Road at Huntington, and to construct a cul-de-sac at the end of this street, near Cabana.

Closing this intersection, helps reduce the number of potential conflicts for all cars, bicycles and pedestrians and so improves overall traffic safety. Accessibility into the area for residents and emergency response vehicles is very efficient: Inglewood provides access from the east, and Ouellette provides access from the west.

Please complete this form and return it to RC Spencer Associates Inc. Information will be collected in accordance with, Ontario's Municipal Freedom of Information and Protection of Privacy Act. With the exception of personal information, all comments will become part of the public record.
