August 31, 2016

In anticipation of Riverside Drive Vista Phase 1, Stage 2 (Solidarity Towers to Lauzon Road) roadway improvements, work will begin on all necessary utility relocations to eliminate conflicts with the Vista construction.

### A. North Side Works

EnWin will be relocating their existing hydro poles on the north side of Riverside Drive from Solidarity Towers to Dieppe Street and from Dieppe Street to Lauzon Road commencing in September 2016. EnWin anticipates completion of this work east of Dieppe by December 31, 2016. Work west of Dieppe will begin January 2, 2017 with completion anticipated by March 31, 2017.

### B. Additional Utility Relocations

The work on the south side of Riverside Drive began on Monday October 27, 2014. Union Gas completed this portion of the work by December 31, 2014.

EnWin will commence with relocation on the south side of Riverside Drive East, west of Frank Avenue in early 2017.

Following the work by EnWin Utilities, Bell, Cogeco, and Union Gas will be relocating the existing utility infrastructure from Solidarity Towers to Lauzon Road.

During the utility relocation works, traffic restrictions will be controlled by flag persons. School buses, garbage pick-up, and recycling pick-up will remain unaltered. Emergency services access will be maintained. All City bus schedules will be maintained.

The construction of the Riverside Drive Vista Phase 1, Stage 2 (Solidarity Towers to Lauzon Road) will commence following the advanced utility work. Further construction notices will be provided prior to commencement of each additional utility relocation start-up, and a public information centre will be conducted prior to road reconstruction. As utility relocations continue, updates will be available on the 1<sup>st</sup> of each month on the City of Windsor website under:
