## City of Windsor Contract 5-18 **Tecumseh Road East Infrastructure Renewal Project** Hall Avenue to Turner Road

**Windsor, ON:** As part of an ongoing infrastructure renewal program by the City of Windsor, SheaRock Construction will undertake the following construction project, beginning Monday, April 2, 2018, weather permitting:

- Construction of a new 300mm diameter PVC watermain on Tecumseh Road East from Hall Avenue to Turner Road.

Please note that traffic will be reduced to one lane in each direction, for the duration of the project. The project is expected to take approximately 16 weeks to complete. While every effort will be made to minimize traffic impacts and afford local access to residents, occasional delays can be expected. To ensure the safety of our workers, we request that motorists exercise safety precautions when approaching the construction site.

---

### **About Windsor's Electricity and Water Operations:**

**The Windsor Utilities Commission (WUC)** owns the water production and distribution infrastructure in the City of Windsor. WUC also owns the downtown District Energy heating and cooling facilities.

**ENWIN Utilities Ltd. (ENWIN)** is the licensed water system operator for the WUC-owned water system. ENWIN is also a licensed electricity distribution company serving customers in the City of Windsor.
