NOTICE OF PUBLIC INFORMATION CENTRE

Jackson Park Greenhouse

Dear Property Owner / Resident,

Final design on the new Jackson Park Greenhouse Complex is nearing completion with construction anticipated in early 2021.

The new complex in Jackson Park will include an administration building, greenhouses, and storage building.

Traditionally, a Public Information Centre would be held to discuss the project in person. However due to COVID, it was determined more appropriate to provide a website link with information slides for public review and feedback.

Information on the project including online link is available at the City of Windsor's website at:

<https://www.citywindsor.ca/residents/parksandforestry/City-Parks/Pages/Jackson-Park-.aspx>

Property Owners and Residents may phone the contact below to request a printed copy of the presentation slides by mail.

Please **email all comments and questions** to jdattilo@citywindsor.ca, by Friday October 16, 2020 4:30pm.

If you have any questions, please contact the Project Administrator, Joe Dattilo, P.Eng., at (519) 255-6100 ext. 6825.

Regards,

France Isabelle-Tunks, P.Eng.
Senior Manager of Engineering/Deputy City Engineer
