## **INSTRUCTIONS**

### **TO APPLICANTS FOR STREET/ALLEY OR WALKWAY CLOSINGS**

Once your application and fee have been received by the Planning Department, the following procedures based on Street and Alley Closing Policies pursuant to CR106/03 apply:

1. Circulation to city departments and public utilities for their comments.
2. The application fee is **\$1,505.00** payable to the Corporation of the City of Windsor. An amount of **\$860.00** will be refunded in the event the application is denied by Council or withdrawn by the applicant **prior to** the advertising of Council's intent to enact a by-law to close the street or alley. You may wish to ask your neighbours to share in the cost of the application fee.

**EXAMPLE:** If there were thirty owners on a block the cost to each neighbour would be approximately **\$40.00** (this does not include the cost of the land, deed and share of Reference Plan which is charged individually to each owner who takes back a deed).

**PLEASE BE REMINDED, HOWEVER, THAT THE NEIGHBOURS ARE UNDER NO OBLIGATION TO COST SHARE. IT IS THE APPLICANT'S RESPONSIBILITY TO REMIT THE TOTAL AMOUNT, AND/OR COLLECT MONEY FROM INDIVIDUAL OWNERS IF THEY AGREE.**

3. When the comments are received from civic departments and utility companies, your application is ready to be submitted to the Planning and Economic Development Standing Committee.

**All the abutting and/or affected owners will be notified of this meeting and may appear before the Standing Committee to express their concerns, if any, to the proposed closure.**

The Standing Committee then considers the application and establishes the conditions of closure, such as cost for land, how the lands will be divided, and any easements required, or any other conditions. The decision of the Standing Committee is submitted to City Council for final disposition.

4. Once again, all persons on the property list are notified of Council's intention to consider the matter and may speak to Council in favour of or in opposition to the closure.

Should Council approve the application, a resolution is passed and the applicant receives a copy which sets out all the particulars of the closure, including conditions. If requested by the abutting owners the City Planner will obtain a Reference Plan from an Ontario Land Surveyor describing the limits of closure and the parcels to be offered for sale. See Cost of Land below.

5. On the date that Council considers the closing By-law, persons who notify the City Clerk in advance may speak to the By-law.
7. Should one property owner not wish to acquire the land, they may waive their rights to the owner on the opposite side of the street or alley. This allows the owner on the opposite side to acquire the whole width. This waiver must be in writing. Alternatively, if the abutting owner does not respond to by the date indicated in the notice, their half may be conveyed to the opposite owner as the city sees fit.

When the legal forms requesting a deed have been returned by the abutting owners, a deed will be prepared. The cost of the land and deed is payable prior to the preparation of the deeds and each owner will be notified directly of the exact costs.

## 8. COST OF ACQUIRING THE LAND:

The following criteria shall be applied to determine the conveyance of the closed rights-of-way as set forth by council resolution:

- i) The purchase price of closed alley lands shall be set at market value except those alley and walkway lands adjacent to residential areas zoned RD1, RD2 or DRD1.1 in By-law 8600 and R.1, R.2 and PD.1 in By-law 3072 are to be conveyed for \$1.00. Each owner wishing to purchase a portion of the alley will also be required to pay for the preparation and registration of the transfer (approximately \$600.00) plus a proportionate share of the 12R Plan (Reference Plan);
- ii) Street allowances to be offered for sale at market value as building lots where possible, regardless of zoning;
- iii) Where the addition of the portion of an alley or street to be acquired would enable the purchaser to create a severable building lot, the lands to be offered for sale shall be set at market value;
- iv) Any relocation or removal of sewer, water and gas mains, telephone and hydro lines to be at the total expense of the affected property owner(s). Closed lands to be offered for sale in "as is" condition;
- v) Unless otherwise directed, the City will arrange for preparation of a Reference Plan by an Ontario land surveyor showing the limits of the right-of-way to be closed and the manner in which it will be divided between the abutting owners, satisfactory to the City Planner. Otherwise, the full cost of preparation of the Reference Plan and the cost associated for the preparation of a deed and the subsequent registration shall be paid by the purchaser(s);
- vi) Conveyances shall be subject to easements as required by the City, Public Utilities and other service providers.

No fences may be erected until the deed/transfer has been registered on title and received by the individual owner(s).

**The City will not erect fences, etc. to physically block off the alley/street/walkway. Subsequent to the property owners purchasing the land, it is their responsibility to block off the alley/street/walkway lands.**
