

Painting with Kitchen Utensils

WHAT YOU WILL NEED:

- Washable paint
- A variety of kitchen tools/utensils (fork, whisk, potato masher, spatula)
- Paper or cardstock
- Paper plates
- Tray

WHAT TO DO NEXT:

1. Add several different colours of paint to each plate.
2. Place the paper and tools/utensils on a tray.
3. Encourage children to make prints on the paper using the kitchen tools.
4. Invite them to talk about the colours and tools they are using.
5. This is a great opportunity to let your child imagine, explore, and create.
