## Physical Literacy: Alphabet Exercise Part 2

### Literacy Corner

### Kids in the Kitchen

Involving kids in the kitchen can help them develop early literacy and numeracy skills, fine motor skills, awareness of the world around them, and healthy eating habits. Encourage kids to help you wash, stir, pour, scoop, count, and measure ingredients. While you are preparing food, talk about and explore with your five senses – sight, hearing, touch, smell, and taste. Discussing and discovering foods can provide many learning opportunities!

## Activities Online and At Home
