Literacy Corner

Teachable Moments

The spring rain brings many learning opportunities! What interests your child - is it the puddles, flowers, worms, snails? Follow their lead and watch for teachable moments.

For example, if your child is interested in a snail they find outside, take time to answer and ask questions about it.

You might talk about how many you see, where they hide, or why they have a shell. Read and learn about the topic for as long as your child remains interested.
