

*“The Baby Box” is now available at the
Windsor Essex Community Health Centre!*

the
Baby Box
Co.®

You are eligible for a FREE Baby Box if you are an Ontario resident who is expecting or has had a baby in the last 3 months.

In partnership with The Baby Box Co. we are able to bring a beloved 75 year old tradition from Finland to parents in Ontario. Expectant and new parents are eligible to receive a safe sleep space for infants as well as parenting information and necessities. The Ontario Baby Boxes will come equipped with the mattress, mattress protector, fitted sheet, diapers, wipes, a onesie & more!

There are 3 easy steps to receive your box:

1. Register on the Baby Box University (www.babyboxuniversity.com) to make sure you are eligible.
2. Complete the online Baby Box University Course and have a copy of your certificate available.
3. Set up an appointment to collect your baby box.

For further information or to book your appointment, please contact:
